Staying connected in the Cook Islands

Plan ahead with these options for phone and internet access during your stay.

Local SIMs and eSIMs: Vodafone Cook Islands offers Travel SIMs and eSIMs with a local +682 number. Purchase an eSIM online before travelling, or visit the Vodafone Airport Arrivals shop or Avarua store.

Accommodation Wi-Fi: Check with your accommodation provider before arrival to confirm Wi-Fi availability, any charges and usage limits.

International roaming: Contact your mobile provider before travelling to confirm whether roaming is available in the Cook Islands and check the applicable charges.

Before you travel: Ensure your phone is unlocked and compatible with your chosen SIM or eSIM. Download maps and booking confirmations for offline access.

Travel SIMs and eSIMs with a local +682 number are available only through Vodafone Cook Islands' official channels. If unsure about an offer, verify it directly with Vodafone before purchasing. View Vodafone's Travel eSIM options here vodafone.co.ck/travel-esim
